- **There are carryover funds - \$122,000 for land acquisition to develop housing, \$47,869 for the Rental Assistance Program and other Approved Activities for the 2018 Program Year**

Indirect costs are those costs not actually expended by the Housing Department, but rather a negotiated percentage of Housing's funds that go towards supportive costs, such as costs of the main office, costs for fiscal staff, admin staff, insurance, legal, and other costs.

The report as submitted to HUD is contained in binders, one located at the Tribal Office, and one located at the Rancheria Community Center office. The on-line auto-fill document as provided by HUD has a few flaws and can be difficult to read. However, the information contained is important and provides a full outline of what activities Housing has undertaken, and the outcomes of Housing's efforts, both in expenditures and results achieved.

Housing both solicits and welcomes your comments on the Annual Performance Report. Please direct your comments to the Housing Director, Raymond McQuillen, at:
