HOUSING DEPARTMENT NEWS

Housing Committee Meetings are held the first Monday of each month, at 5:30pm, at the Tribal Offices at 1420 Guerneville Road, Unit 1, Santa Rosa (across from Codding town). Any Tribal Member may attend these meetings, and this is a good place to voice your concerns about rental assistance or other Housing matters.

If you would like a copy of any Housing Policies, such as the Rental Assistance Policy or Rehabilitation Policy, please let Housing Staff know and we will provide one to you. We hope to have these published on a web site in the near future

The Rancheria fencing project began July 9th; we are hoping that this will provide those Rancheria residents that participated with safe play areas for children or containment areas for dogs (or both).

- ◆ The house move is planned to take place in August, to accommodate the site for the new Rancheria Community Center. The contractor will be hiring Tribal Members for labor for the house move and rehab.
- ◆ The Rancheria Community Center project is currently on hold due to concerns expressed by some Tribal Members. If you have thoughts on this project; whether you feel it should be built, if so, where, and what type of activities you would like to see.
- ◆ The Tribal Office will be distributing a survey to all adult Tribal Members in the near future. These surveys are needed to find out what your housing needs are. This will assist us to apply for more grant funding for the things Tribal Members want to do. The more Tribal Members who return a completed survey, the more meaningful the results will be. Help us to better serve you by completing a survey with accurate information. Take a moment to tell us what you want to see accomplished.
